

Table of Contents

My PerkinElmer Customer Number _____

About PerkinElmer Reagents _____	2
Ordering Guide _____	4

NEN Radiochemicals

16

NEN Radiochemicals & Radionuclides Reference Guides _____	19
Therapeutic Radionuclides _____	31
Radioimmunoassay Kits _____	32
NEN Radiochemicals Technical & Safety Information _____	33
Radiometric Instrumentation Overview _____	42
NEN Radiochemicals Product Listing _____	46

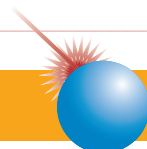

Scintillation Cocktails & Consumables

128

Scintillation Cocktails Comparison Guide _____	130
Safer LSC Cocktails (Ultima Gold, OptiPhase HiSafe, Opti-Fluor) _____	131
Classical LSC Cocktails (Pico-Fluor, Hionic-Fluor, Sample Oxidizer Cocktails) _____	134
Flow Detection Cocktails (Ultima-Flo, Flo-Scint) _____	137
Cocktails & Scintillators for Microplates (MicroScint, Meltilex) _____	138
Tissue Solubilizers (SOLVABLE, Soluene-350) _____	139
Specialty Chemicals (Autoradiography Enhancers, Decontaminants & Cleaners) _____	140
Liquid Scintillation Counting Vials (Miniature, Mid-Sized, Standard, QUANTULUS) _____	142
LSC Standards & Sources _____	149
Counting Accessories _____	152

Drug Discovery, Cellular Analysis & Immunoassays

154

Technology Showcase: PerkinElmer Assay Technologies _____	156
Luminescence Assay Products (including AlphaScreen) _____	158
Time-Resolved Fluorescence (DELFI A & LANCE) Products _____	169
Microplate-Based Radiometric Assay Products (including FlashPlate) _____	182
GPCR & Other Receptor Research Reagents _____	189
RIA & ELISA Kits _____	196
Microplate Readers & Imagers Overview _____	200

Synthesis, Labeling & Assay Services

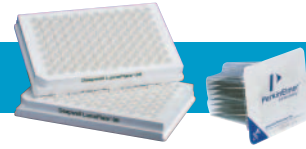

202

Radiosynthesis & Radiolabeling Services _____	205
Analytical Services _____	209
Stable Isotope Labeling _____	209
Fluorescence & Hapten Labeling Services _____	209
Assay & Labeling Services _____	210
Microplate Coating, Packaging & Barcoding Services _____	214
Cell Culture Service _____	215

Table of Contents

Your resource for essential research tools you can trust

Microplates & Disposable Tips

216

Microplate Application Guide	219
Standard Microplates for General Assays	222
Cell Culture Microplates	224
Microplate Lids	226
Polypropylene Microplates for Compound Storage	226
PCR Microplates	227
Dedicated Microplates for Scintillation Counting	227
Filter & Harvesting Microplates	229
Microplates for DELFIA Assays	230
Microplate Seals & Supplies	231
MicroBeta Cassettes & Consumables	231
Disposable Tips	233

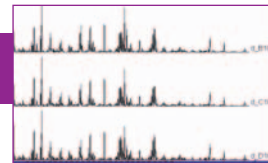

Molecular Biology Products

236

Technology Overview: Spectral Genomics Array Comparative Genomic Hybridization	238
Technology Showcase: Tyramide Signal Amplification (TSA)	239
Nucleic Acid Labeling & Detection	241
Protein Labeling & Detection	245
Blotting & Autoradiography	249
Immunohistochemistry & <i>In Situ</i> Hybridization (TSA)	255
Nucleotide Analogs & cDNA Microarray Analysis	259
Array Comparative Genomic Hybridization (aCGH, Spectral Genomics)	265
SNP Detection Systems	266

Proteomics & Biomarker Discovery

268

Technology Showcase: BioXPRESSION Biomarker Discovery & Validation Platform	271
ProXPRESSION Kits for Biomarker Enrichment	273
BioXPRESSION Platform Accessories	274
Western Blot Detection & Protein Stains	275
The Geliance Imaging Family	277
Trademarks, Patents & Citations	278
Alphabetical Index	280
Product Number Index	295
Index of Charts & Tables	337
Appendix: Receptor-Ligand Reference Guide	338
